

RULES FOR SHOWING

Edition 25

Revised October 2024

EFFECTIVE 1st January 2025

PREAMBLE

The Rules for Showing are produced specifically for use at CN or lower Status Events and have been drawn up in the broadest possible terms so as to allow Organising Committees affiliated to SAEF and SASA itself, as much freedom as possible in the management of their Events and in the preparation of their schedules.

It is not possible to provide for every conceivable eventuality in these rules. If there is no rule to deal specifically with a particular circumstance, or if the nearest interpretation of the pertinent rule would result in an obvious injustice, it is the duty of those responsible to make a decision based on common sense and fair play, using all technical assistance available including official video-recordings (an official video recording is considered to be a recording made by a TV network or video company hired by the organising committee) thus reflecting, as closely as possible, the intention of these rules and of the General Regulations.

These rules have to be read in conjunction with the SASA General Rules and Regulations, SAEF General, Veterinary and Anti-Doping Regulations which are uniform for all disciplines falling under SAEF jurisdiction.

Although the FEI does not recognise the Showing Discipline as such, the General Regulations and rules of the FEI, unless otherwise stated in these rules, still apply and in consequence, these rules are supplementary to those of the FEI in this respect.

In all equestrian sports the interests of the horse must be considered paramount.

Each obstacle is marked individually, and scores are tallied up afterwards.

63.2.10 **PERFORMANCE WORKING HUNTER**

A basic Working Hunter Course with no combinations, bounces or related distances will be required. A gallop should be shown on completion of the round.

Recommended Heights:

The correct trot diagonal and canter lead are essential.

Accuracy of movements ridden will be taken into consideration. Best rider classes may be required to do a short test.

63.3.3 Generally, competitors enter at a trot (In the Three Gaited Classes normally on the left rein).

63.3.4 They may be asked to extend the trot. They then walk and at the judge's command, canter. On command, competitors come back to a walk, turn around and trot on. Walk again and canter on.

63.3.5 Competitors then come in and line up while judges do a quick inspection of tack and condition of horse. Conformation is not judged as such.

63.3.6 Competitors are then placed by the judge and the announcer calls the winners in from lowest to highest.

APPENDIX “C”

THE HI-LOW SCORING SYSTEM

The Hi-Low System provides a method of scoring judge's cards in a Three (3) Judge Panel where each judge has equal power of one (1) full vote to place each of the competitors.

Tabulation is simple and can be completed in about forty-five (45) seconds. All ties can be easily broken.

Results are computed by at least a two-thirds (2/3) majority of the votes in favour of each place awarded in a class.

The System is called "Hi-Low" because the highest and lowest votes are cancelled out, and the middle vote only is recorded. Thus the position is awarded in which a horse stands as he is placed by the judge who has placed him second highest from the top of the card.

Readings by the Scorer are taken in each case from the top of the set of three (3) cards, progressing along each line from left to right, and then commencing again at the left of the next line. The first time a horses' number appears it is crossed out; the second time it appears it is circled; the third time it appears it is again crossed out. All the numbers on the set of three (3) cards will therefore be crossed out or bear a circle. Then, once again, the reading is taken from the top left-hand side of the cards, in this case reading only the circled numbers, and these are in order of placement. Should two (2) or three (3) circled numbers appear on one (1) line, thus indicating a tie, various methods of breaking the tie are employed. At the conclusion of the class the results are announced by the Announcer from lowest to highest.

All horses taking part in the competition must be placed in order of preference by all judges. In the event of a judge eliminating a horse during the judging of the competition he will place that horse last on his card and indicate this with an "E". Should the judge eliminate more than one (1) horse during the judging of a competition he will place those horses joint last on his card indicating this with a bracket as well as an "E".

HI-LOW TABULATION

Method

- a) Cards are placed in this order: Call Judge, Second Judge and Third Judge.
- b) Work always from left to right and from top to bottom, starting with unconsidered numbers.
- c) Final placing can only be done on completion of tabulation.

- j) Cross 2(B). Circle 2(A). Cross 2(C).
- k) Place the circled numbers only, from left to right along the lines and progress from top to bottom.
- l) NOTE: Tie between seven (7) and eight (8), where seven (7) incurs the least penalty points.
- m) NOTE: Tie between six (6) and five (5), where five (5) incurs the least penalty points.
- n) NOTE: The above example covers the situation where five (5) Regions compete each with two (2) horses. In the Interprovincial Showing Team championship all horses will be placed.

HI-LOW TIE SITUATIONS

(a) TWO-WAY FALSE TIE

Two (2) numbers are circled on the same line. Penalty points are counted and the number with the least penalty points wins.

(b) THREE-WAY FALSE TIE

Three (3) numbers are circled on the same line. Penalty points are counted and the number with the least penalty points wins.

(c) TWO-WAY TRUE TIE

Two (2) numbers are circled on the same line. Penalty points are equal. This is resolved by determining which number was placed higher than the other number by two (2) of the three (3) judges officiating. Score this way by awarding checkpoints () to the higher number in relation to the other.

(d) COMBINATION TIE (TRUE AND FALSE)

Three (3) numbers are circled on one (1) line. Two (2) numbers are True-tied and one (1) number is False-tied. This is easily resolved by penalty points and checkpoints () combined.

Effective 1st January 2025

(e) THREE-WAY TRUE TIE

Three (3) numbers are circled on the same line. Two (2) of the numbers can be resolved by either penalty points or checkpoints () but there is a failure to resolve the third number. The cards are returned to the Chief Steward who will ask the Call Judge for that competition to give his order of preference.

DIAGRAMS OF THE TIE SITUATIONS IN HI-LOW TABULATION

COMBINATION TIE (FALSE & TRUE) (d)									
Position	Call Judge	Second Judge	Third Judge	Final Placing	Penalty Points			Check Points	
1	7	1	10	7	1	10	7	1	7
2	(1)	(10)	(7)	1	2	4	1	√	√
3	9	7	1	10	1	2	3		√
4	10	(9)	9	9	3	1	2		
5	4	8	2	8	6	7	6	1	2
6	(8)	(2)	8	2					
7	2	(4)	4	4					
8	5	(5)	5	5					
9	6	3	(6)	6					
10	(3)	6	3	3					

No 1 and No 7 have equal penalty points creating a true tie. As they both have fewer penalty points than No 10 they will be placed above No 10. No 7 is favoured by two of the judges and is therefore placed above No 1.

THREE-WAY TRUE TIE (e)										
Position	Call Judge	Second Judge	Third Judge	Final Placing	Penalty Points			Check Points		
1	5	(5)	7	5	2	9	3	2	9	3
2	8	(7)	5	7	7	6	8	2/9	√	√√
3	4	(4)	(8)	8	8	7	6	2/3	√√	
4	7	8	6	4	6	8	7	3/9		√
5	(6)	6	4	6	21	21	21		3	3
6	9	3	2	?						
7	(2)	(9)	(3)	?						
8	3	2	9	?						
9	10	(10)	1	10						
10	(1)	1	10	1						

Neither Penalty points nor Check points separate these equally favoured horses. In this rare occurrence the Final Placing will be resolved by the Chief Steward asking the Call Judge for that competition to give his order of preference.

BOOTS

CORRECTLY FITTED PROTECTIVE HORSE BOOTS

The inside of the boot must be smooth, that is, the surface must be even and there may not be any pressure points on the inside of the boot; for the avoidance of doubt, stitching on the inside of the protective element that attaches the inner lining to the boot, is permitted. Sheepskin linings are allowed.

If a Steward notices at any time that a boot is improperly positioned on the horse’s leg (e.g. a fetlock boot that is positioned entirely on the cannon bone between the fetlock joint and the hock) or if a Steward is of the opinion that a boot is excessively tight, the Steward is to instruct the athlete/groom to remove the boot and reposition it so that it fits properly and comfortably on the horse’s leg.

If the athlete/groom refuses to reposition the boot, a SASA warning card will be issued.

Correct positioning: the rounded part placed inside of the fetlock joint.

Incorrect positioning: the boot is placed between the fetlock joint and the hock.

If a boot strap causes bleeding on the horse’s leg a SASA warning card will be issued to the athlete. It is not allowed to place Velcro on the sides of boot straps that are in direct contact with the horse’s legs.

The following criteria must be respected in relation to hind boots worn for Horses competitions:

1. The inside of the protection must be smooth and should be interpreted that the inside must be ‘flat’ with no pressure points of any kind.
2. The rounded rigid part of the protection must be placed around the inside of the fetlock.
3. No additional elements may be used in conjunction with the protection.
4. Hind boots for Young Horses that have an extra flap for protection should be allowed providing the flap is soft and is clearly intended for protection only.
